1. On a GAAP basis, second-quarter Abbott sales increased 10.1%. 2. Second-quarter GAAP diluted EPS was \$1.43. 3. On a GAAP basis, diluted EPS from continuing operations reflects growth of 22.2%. 4. Abbott is raising its projected full-year 2022 diluted earnings per share under GAAP to at least \$3.50. Abbott forecasts specified items for the full-year 2022 of \$1.40 per share primarily related to intangible amortization, costs related to a voluntary recall, expenses associated with acquisitions, restructurings and cost reduction initiatives and other net expenses. Excluding specified items, Abbott is raising its projected adjusted diluted earnings per share to at least \$4.90 for the full-year 2022.

FORWARD-LOOKING STATEMENTS

Some statements in this news release may be forward-looking statements for purposes of the Private Securities Litigation Reform Act of 1995. Abbott cautions that these forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those indicated in the forward-looking statements. Economic, competitive, governmental, technological and other factors that may affect Abbott's operations are discussed in Item 1A, "Risk Factors" in our Annual Report on Form 10-K for the year ended Dec. 31, 2021, and are incorporated herein by reference. Abbott undertakes no obligation to release publicly any revisions to forward-looking statements as a result of subsequent events or developments, except as required by law.
