PROSPECTUS

Abbott Laboratories

848,031 Common Shares

On February 26, 2009, Rainforest Acquisition Inc., a Delaware corporation and wholly-owned subsidiary of Abbott Laboratories, an Illinois corporation ("Abbott"), merged with and into (the "Merger") Advanced Medical Optics, Inc., a Delaware corporation ("AMO"). Abbott is registering on this Form S-3 a total of up to 848,031 of its common shares, without par value, that are issuable to certain persons who were employees or directors of AMO prior to the effective time of the Merger, but who were not employees or directors of AMO after the effective time of the Merger and were holders of options to purchase shares of AMO common stock ("AMO Options") pursuant to certain AMO stock option plans that were converted into options to purchase Abbott common shares ("Abbott Options") after the effective time of the Merger.

If all such former employees and directors purchase the Abbott shares issuable under the Abbott Options, Abbott will receive aggregate proceeds of approximately \$60,719,020. Any proceeds received by Abbott from the exercise of the Abbott Options will be used for general corporate purposes.

DESCRIPTION OF THE PLANS

This prospectus relates to common shares, without par value, of Abbott that may be acquired upon the exercise of Abbott Options pursuant to: (i) the Amended and Restated Advanced Medical Optics, Inc. 2002 Incentive Compensation Plan, as amended; (ii) AMO’s 2004 Stock Incentive Plan, as amended and restated; (iii) the Advanced Medical Optics, Inc. 2005 Incentive Compensation Plan; (iv) the VISX, Incorporated 1995 Director Option and Stock Deferral Plan, as amended and restated; (v) the VISX, Incorporated 1995 Stock Plan, as amended; (vi) the VISX, Incorporated 2000 Stock Plan; and (vii) the VISX, Incorporated 2001 Nonstatutory Stock Option Plan (each, a “Plan” and, collectively, the “Plans”). A description of the material terms of the Plans is included below.

The following description is only a summary of the principal provisions of the Plans and is qualified in its entirety by the terms of each of the Plans. If the information in this “Description of the Plans” differs from the information in any Plan, you should rely on the information in such Plan. See “Where You Can Find Additional Information” on how you may obtain a copy of the complete text of the Plans and additional information upon request from Abbott. The Plans are not qualified under Section 401(a) of the Internal Revenue Code (the “Code”) nor are they subject to the Employee Retirement Income Security Act (“ERISA”).

Administration

The Board of Directors of Abbott (the “Board”), the Compensation Committee of the Board (the “Compensation Committee”) or any other committee duly appointed by the Board, administers the Plans (the “Administrator”). In addition, the Administrator is authorized to interpret the Plans, to establish, amend and rescind any rules and regulations relating to the Plans, to determine the terms and provisions of any agreements entered into under the Plans, and to make all other determinations necessary or advisable to administer the Plans. The determinations of the Administrator in the administration of the Plans are final and conclusive.

Eligibility

Generally, employees, directors, and/or consultants of AMO and its subsidiaries prior to February 26, 2009, were eligible to receive awards under the Plans.

Awards under the Plans

As assumed, the Plans provide that the Administrator may grant stock options to certain eligible employees. The type, terms and conditions of each award are set forth in a separate agreement with the person receiving the award (the “Optionee Agreement”). Abbott does not intend to make any additional grants under any of the Plans.

[Table of Contents](#)

Incentive Stock Options, or “ISOs,” provide for the right to purchase Abbott common shares at a specified price and become exercisable when they vest according to the vesting schedules contained in each Optionee Agreement, subject to the satisfaction of individual or company performance criteria or subject to other conditions, in each case as established by the Administrator. All ISOs must be granted within ten years of the effective date of each Plan. ISOs are designed to comply with the applicable provisions of the Code, and are subject to certain restrictions contained in the Code.

Nonqualified Stock Options, or “NQSOs,” provide for the right to purchase common shares at a price equal to the fair market value of a common share on the date of the grant.

No ISO or NQSO is exercisable at any time after the expiration of ten years from the grant date. Furthermore, and as described more fully in the Plans, no ISO or NQSO will be exercisable after the earlier of (i) the expiration of twelve calendar months from the date of termination of the optionee by reason of death or total disability or (ii) the expiration of three calendar months from the date of termination of the optionee for any reason other than death or disability.

For the purposes of the Plans, as long as Abbott common shares are traded on any established stock exchange or a national market system, the fair market value of an Abbott’s common share as of a given date will be the closing price of a share of Abbott’s common shares on the trading day next preceding such date on which a trade occurred. If Abbott’s common shares are not publicly traded on any established stock exchange or a national market system, the fair market value of Abbott common shares will be established by the Administrator acting in good faith.

The methods by which the exercise price of an ISO or NQSO may be paid are generally expected to be (i) cash, (ii) personal check, (iii) cashier’s check, (iv) money market draft on the optionee’s own account payable to the order of Abbott, (v) in the discretion of the Administrator, delivery of common shares held for at least six months and having a fair market value on the date of delivery equal to the aggregate exercise price of the option or exercised portion thereof, (vi) in the discretion of the Administrator, a full recourse loan from Abbott, (vii) in the discretion of the Administrator, a broker assisted cashless exercise or (viii) in the discretion of the Administrator, any combination of these methods.

Non-transferability

In general, no awards granted under the Plans are assignable or transferable except by will or the laws of descent and distribution, or as the Administrator may otherwise specify to certain permitted transferees.

Grant or Award Agreement

Each Optionee Agreement states the terms and conditions, as determined by the Administrator, which apply to each grant or award under the Plans, in addition to the terms and conditions specified in each Plan.

Adjustments

If there is any dividend or other distribution, recapitalization, reclassification, stock split, reorganization, merger, consolidation, spin-off, combination, repurchase, liquidation, dissolution or sale, transfer, exchange or other disposition of all or substantially all of Abbott's assets, or other similar corporate event affecting Abbott's common shares, the Administrator will appropriately adjust the aggregate number of common shares subject to the Plans, the maximum annual award limits, the number of common shares subject to outstanding options, and the price per share of outstanding options.

Amendment/Termination

The Administrator may make such modifications to the terms and conditions of an Optionee Agreement under the Plan as it deems advisable; provided, however, that no amendment, suspension or termination of the Plans will, without consent of the persons holding awards, alter or impair any rights or obligations under any award theretofore granted pursuant to the Plans.

Federal Income Tax Consequences

Abbott describes the United States federal tax consequences of participating in the Plans below. This description is based upon an analysis of the present provisions of the Code and the regulations promulgated under the Code, all of which may change. Foreign, state and local taxes may also apply to a participant in the jurisdiction in which he or she works and/or resides, but Abbott does not discuss such tax consequences in this prospectus. ***The following discussion is only a summary. You should consult your personal tax advisor regarding the foreign, federal, state and local tax consequences to you of participating in any of the Plans.***

Nonqualified Stock Options

For federal income tax purposes, if an optionee is granted NQSOs under the Plans, the optionee will not have taxable income on the grant of the option, nor will Abbott be entitled to any deduction. Generally, on exercise of NQSOs the optionee will recognize ordinary income, and Abbott will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of a share of Abbott's common shares on the date each such option is exercised. The optionee's basis for the stock for purposes of determining gain or loss on subsequent disposition of such shares generally will be the fair market value of the Abbott common shares on the date the optionee exercises such option. Any subsequent gain or loss will be generally taxable as capital gains or losses.

Incentive Stock Options

There is no taxable income to an optionee when an optionee is granted an ISO or when that option is exercised. However, the amount by which the fair market value of the shares at the time of exercise exceeds the option price will be an "item of adjustment" for the optionee for purposes of the alternative minimum tax. Gain realized by the optionee on the sale of shares acquired upon exercise of an ISO is taxable at capital gains rates, and no tax deduction is available to Abbott, unless the optionee disposes of the shares within (1) two years after the date of grant of the option or (2) within one year of the date the shares were transferred to the optionee. If the common shares are sold or otherwise disposed of before the end of the two-year and one-year periods specified above, the difference between the option exercise price and the fair market value of the shares on the date of the option's exercise will be taxed at ordinary income rates, and Abbott will be entitled to a deduction to the extent the optionee must recognize ordinary income. If such a sale or disposition takes place in the year in which the optionee exercises the option, the income the optionee recognizes upon sale or disposition of the shares will not be considered income for alternative minimum tax purposes. Otherwise, if the optionee sells or otherwise disposes of the shares before the end of the two-year and one-year periods specified above, the maximum amount that will be included as alternative minimum tax income is the gain, if any, the optionee recognizes on the disposition of the shares.

With some exceptions, an ISO will not be treated as an ISO if it is exercised more than 90 days following termination of employment. If an ISO is exercised at a time when it no longer qualifies as an ISO, the option will be treated as an NQSO.

Withholding Taxes

Abbott will withhold applicable taxes with respect to ordinary income realized upon the exercise of nonqualified stock options. Generally, Abbott expects to satisfy withholding obligations by retaining the number of common shares whose fair market value equals the amount required to be withheld.

Effect Upon Abbott

Abbott will generally be entitled to a tax deduction equal to amounts included in ordinary income by a participant at the time of this inclusion.

Restrictions on Resale of Shares by Affiliates

All common shares acquired by "affiliates" pursuant to a registration statement under the Securities Act, including common shares acquired pursuant to the Plans, will be considered "control securities." Therefore, the affiliate may

4

[Table of Contents](#)

sell these shares only under an effective registration statement or an exemption from registration. “Affiliates” of Abbott cannot use this prospectus for reoffers or resales of Abbott common shares acquired pursuant to the Plans. For these purposes, an “affiliate” of Abbott means any person who, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with Abbott. To avoid potential infringement of the requirements of the Securities Act, each executive officer of Abbott should assume that he or she will be considered an affiliate of Abbott. Rule 144 under the Securities Act provides the exemption from registration most frequently relied upon for resale of control securities. The rule requires sales to be effected in “broker’s transactions,” as defined in the rule, and a written notice of each sale must be filed with the SEC at the time of the sale. The rule also limits the number of shares which may be sold in any three-month period to the greater of (a) 1% of the outstanding common shares or (b) the average weekly reported volume of trading in the shares on all securities exchanges during the four calendar weeks preceding the filing of the required sale notice with the SEC. The holding period under Rule 144 applicable to restricted securities is not applicable to a resale of shares acquired under the Plans to the extent such shares are registered under the Securities Act.

Shares Covered by the Plans

A total of approximately 848,031 common shares underlying the Abbott Options are issuable to former employees and directors of AMO pursuant to the Plans that Abbott assumed in connection with the Merger.

USE OF PROCEEDS

The weighted average exercise price of options to acquire common stock granted to former employees and directors of AMO is \$71.60 per common share. If all of these options are exercised in full and the exercise price is paid in cash, Abbott will issue approximately 848,031 common shares for total cash proceeds of approximately \$60,719,020. Abbott currently intends to use the net proceeds from any exercises of these options for general corporate purposes.

Abbott’s shareholders may vote either in person or by proxy.

Shareholder Action by Written Consent; Meetings

Under Illinois corporate law, any action required to be taken by Abbott’s shareholders may be taken without a meeting and without a vote if a consent in writing is signed by holders of shares having at least the number of votes necessary at a shareholder meeting.

The provisions of Article R-VI are applicable to all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding. Article R-VI also provides that Abbott shall, in the case of persons who are or were directors or officers of the corporation, and may as to such other persons, advance expenses (including attorney's fees) incurred by an officer or director in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding, to the fullest extent permitted by law.

Section 8.75 of the Illinois Business Corporation Act provides that a corporation may indemnify any person who, by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, was or is a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than one brought on behalf of the corporation, against reasonable expenses (including attorneys' fees), judgments, fines and settlement payments incurred in connection with the action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be not opposed to the best interests of such corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe his or her conduct was unlawful. In the case of actions on behalf of the corporation, indemnification may extend only to reasonable expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action or suit and only if such person acted in good faith and in a manner he or she reasonably believed to be not opposed to the best interests of the corporation,

provided that no such indemnification is permitted in respect of any claim, issue or matter as to which such person is adjudged to be liable to the corporation except to the extent that the adjudicating court otherwise provides. To the extent that a present or former director, officer or employee of the corporation has been successful in defending any such action, suit or proceeding (even one on behalf of the corporation) or in defense of any claim, issue or matter therein, such person is entitled to indemnification for reasonable expenses (including attorneys' fees) incurred by such person in connection therewith if the person acted in good faith and in a manner he or she reasonably believed to be not opposed to the best interests of the corporation.

The indemnification provided for by the Illinois Business Corporation Act is not exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of shareholders or disinterested directors or otherwise, and a corporation may maintain insurance on behalf of any person who is or was a director, officer, employee or agent against liabilities for which indemnification is not

expressly provided by the Illinois Business Corporation Act. Abbott's directors and officers are insured under a directors and officers liability insurance policy maintained by Abbott.

Item 16. Exhibits

A list of exhibits filed herewith or incorporated by reference is contained in the Exhibit Index which is incorporated herein by reference.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by Abbott pursuant to Section 13 and Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities in the post-effective amendment at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (i) Each prospectus filed by Abbott pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of

the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

- (5) That, for the purpose of determining liability of Abbott under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act each filing of Abbott's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of Abbott pursuant to the foregoing provisions, or otherwise, Abbott has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by Abbott of expenses incurred or paid by a director, officer or controlling person of Abbott in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, Abbott will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Re: Registration Statement on Form S-3 Filed by Abbott Laboratories

Ladies and Gentlemen:

We have acted as counsel for Abbott Laboratories, an Illinois corporation (the "**Company**"), in connection with the Company's assumption of: (i) the Amended and Restated Advanced Medical Optics, Inc. 2002 Incentive Compensation Plan, as amended; (ii) the 2004 Stock Incentive Plan, as amended and restated on May 29, 2008; (iii) the Advanced Medical Optics, Inc. 2005 Incentive Compensation Plan; (iv) the VISX, Incorporated 1995 Director Option and Stock Deferral Plan, as amended and restated; (v) the VISX, Incorporated 1995 Stock Plan, as amended; (vi) the VISX, Incorporated 2000 Stock Plan; and (vii) the VISX, Incorporated 2001 Nonstatutory Stock Option Plan (collectively, the "**Plans**"). The Plans were assumed by the Company in connection with the Company's acquisition of Abbott Medical Optics Inc., a Delaware corporation, formerly known as Advanced Medical Optics, Inc. ("**AMO**"), which acquisition was consummated on February 26, 2009 pursuant to the Agreement and Plan of Merger, dated January 11, 2009, by and among the Company, Rainforest Acquisition Inc., a wholly owned subsidiary of the Company, and AMO.

In connection with the opinion expressed herein, we have examined such documents, records and matters of law as we have deemed relevant or necessary for purposes of this opinion. Based on the foregoing, and subject to the further limitations, qualifications and assumptions set forth herein, we are of the opinion that the 848,031 common shares (the "**Shares**"), without par value, of the Company, that may be issued and sold pursuant to the Plans and the applicable award agreements thereunder will be, when issued and sold in accordance with such Plans and award agreements, validly issued, fully paid and non-assessable.

The opinion expressed herein is limited to the laws of the State of Illinois, as currently in effect, and we express no opinion as to the effect of the laws of any other jurisdiction. We have assumed that the resolutions authorizing the Company to issue and sell the Shares pursuant to the Plans and the applicable award agreements will be in full force and effect at all times at which the Shares are issued or sold by the Company, and the Company will take no action inconsistent with such resolutions.

We hereby consent to the filing of this opinion as Exhibit 5 to the Registration Statement on Form S-3 (the "**Registration Statement**") filed by the Company to effect registration of the Shares that may be issued and sold pursuant to the Plans under the Securities Act of 1933 (the

"**Act**") and to the reference to Jones Day under the caption "Legal Matters" in the prospectus constituting a part of the Registration Statement. In giving such consent, we do not thereby admit that we are included in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the U.S. Securities and Exchange Commission promulgated thereunder.

Very truly yours,

/s/ Jones Day
